

BROOK TAVERNER

SINCE 1912

CORPORATE CLOTHING 2026/27

EUROPE'S LEADING BUSINESS WEAR BRAND

At Brook Taverner, we are proud to deliver world-class, stock-supported corporate fashion that embodies quality, inspires confidence and encourages brand expression.

As workplaces evolve, so does the approach to uniform. More and more businesses are embracing creativity in their uniform choices, moving beyond the traditional and opting for unique, personalised looks that make a statement.

2026 marks a confident step forward as we enter an exciting new arena of casualwear. Our introduction of premium t-shirts, sweatshirts and trainers brings in-demand, everyday essentials into our globally trusted offering, making it easier than ever to source complete, head-to-toe uniform solutions all under one roof.

This modern direction extends into our Outerwear range with the addition of versatile Hybrid and Bomber styles, designed to perform effortlessly across different roles and environments. We're also bringing fresh energy to our Shirts & Blouses by introducing Pro-Active Stretch Pique pieces alongside new styles and expanded colourways in some of our bestselling fabric families.

Have a look through, get inspired, and enjoy all that Brook Taverner has to offer.

OUR COMPANY

HELPING TO MAKE THE RIGHT IMPRESSION, SINCE 1912

Our 114 – year history is something we are immensely proud of.

Over the years, we've developed a rich passion for high quality-fabrics and a deep understanding of what it means to wear a uniform. A uniform is so much more than clothing. It's confidence, identity, and a reflection of the values a brand stands for.

We know that when people feel comfortable and confident, they perform at their best. For decades, we've been honoured to support millions of wearers as they step into their roles each day, dressed in Brook Taverner.

Today, we look to the future with the same passion that defined our past. We are evolving – tweaking our processes, innovating our products, increasing our stock-holding and strengthening our sustainability goals to meet the demands of a changing world. Because progress matters, and so does responsibility.

Brook Taverner are a B2B partner you can trust – yesterday, today, and for the future.

SUSTAINABILITY

IT'S NOT JUST WHAT WE DO, IT'S HOW WE DO IT.

At Brook Taverner, we are committed to running a responsible, environmentally respectful and sustainable business. We recognise that our supply chain, processes and products can have an impact on the environment both directly and indirectly and we are taking measures to understand, monitor and subsequently reduce our impact.

CARE IN EVERY THREAD

From recycled polyester and reduced impact viscose, to natural cotton and wool, our fabrics are carefully sourced from some of the finest mills in the world and are tested for harmful substances before being made into beautiful garments. The result? High-quality corporate clothing that's built to last.

WASH AT 30°C

It is our recommendation to wash at 30°C. This can save up to 40% of the energy used when compared to washing at 40°C, helping to prolong the life of our garments.

Let's care, together.

Further information on our Ethical Trade & Environmental Policies can be found on our website

Ethical Trading Initiative

Committing to the ETI Base Code ensures that the products we manufacture have not been made at the expense of workers in global supply chains.

Sedex

Using Sedex SMETA audits allows us to better manage and improve our ethical performance across our global supply chain.

OEKO TEX® STANDARD 100

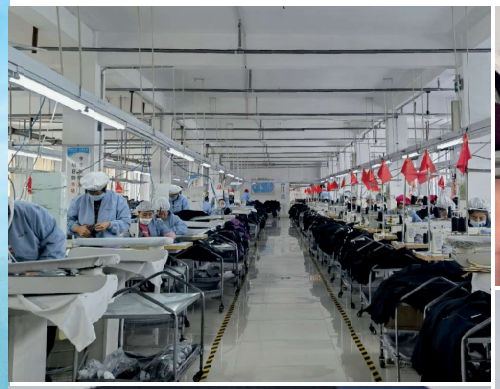
OEKO-TEX® STANDARD 100 is a label for textiles tested for harmful substances. It sets the benchmark for textile safety, from yarn to finished product. Every item bearing the STANDARD 100 label is certified as having passed safety tests for the presence of harmful substances.

OEKO TEX® STeP

OEKO-TEX® STeP certification sets the highest standards for both social and environmental aspects of textile and leather production, as well as for industrial laundries. This certification is a sign of responsibility towards employees and the environment, and supports a company's journey towards more sustainable production.

EVERY BIT BROOK TAVERNER, EVERY STEP OF THE JOURNEY

We understand the importance of attention to detail when it comes to creating our collection of corporate fashion that wearers have come to love. That's why we continue to progress and develop, ensuring we deliver excellence in everything we do.



FABRICS & FINISHING

Thanks to our rich history in the textile industry, we know how to select the best fabrics and finishes for outstanding results. 9 of our corporate clothing collections currently use GRS certified recycled Polyester, with plans to expand this across other ranges. Also, 5 collections use dope dyed Birla Spunshades™ Viscose fibre from Birla Cellulose. The result? All our garments are built to perform at the highest level, week in, week out.

GARMENT MANUFACTURING

We are committed to operating a business that prioritises the wellbeing of the people in our supply chain. To uphold this commitment, all Brook Taverner Corporate styles are manufactured at approved sites that are 3rd party ethical trade audited using BSCI or SMETA methodology. Our Tier 1 manufacturing site details are available on Open Supply Hub.

PACKAGING

Small changes make a big difference.
By optimising our Shirt & Blouse packaging, we'll save around 7 tonnes of plastic a year.
We haven't stopped there though, as our outbound packaging is now 100% recyclable, thanks to upgraded boxes and paper sealing tape. This positive step forwards also provides enhanced protection for garments during transit.

OUTERWEAR

With roles becoming more flexible, teams rely on outerwear that delivers comfort and protection without compromising professional style. Where once a tailored jacket ruled, transitional pieces like fleeces and padded gilets are now more visible. Our Outerwear provides decoration-ready options for everything from casual layering to protection from the elements.

BROOK TAVERNER
SINCE 1912

CREPE DE CHINES

After the success of Bergamo and Como, it was only natural to introduce short sleeve versions, Garda and Varenna. Remaining faithful to the characteristics that make the originals so popular, these new blouses deliver the same flattering fit and elevated elegance. What's more, all crepe de chine styles benefit from recycled polyester.

ALLOCATION GUIDELINES

Like us, you will want your employees to arrive for work in a clean, presentable uniform every day. With this in mind, you should ensure each employee is provided with an appropriate number of garments to ensure they can wash and dry their uniforms regularly. The correct allocation will vary depending on the style being worn, so please see the information below for guidance.

TOTAL WORKING DAYS = 233 (EXAMPLE UK)

365 days per year

20 days holiday

8 days bank holiday

104 weekend days

	JACKETS, WAISTCOATS & COATS	TROUSERS, SKIRTS & DRESSES	SWEATSHIRTS, KNITWEAR & FLEECES	T-SHIRTS, POLOS, SHIRTS & BLOUSES
FULL TIME	2	3	3	5
PART TIME	2	2	2	3

The same garments should not be worn on consecutive days.

AFTERCARE GUIDELINES

Based on our allocation recommendations, below is an approximate guide for the number of washes / dry cleans your garments require per year.

2 JACKETS / WAISTCOATS — Maximum 10 washes / dry cleans per year

Please note our Tweed Jackets and Waistcoats are dry clean only.

3 TROUSERS / SKIRTS / DRESSES — Maximum 20 washes per year

3 SWEATSHIRTS / KNITWEAR / FLEECES — Maximum 20 washes per year

5 T-SHIRTS / POLOS / SHIRTS / BLOUSES — Maximum 45 washes per year

CHINO GUIDELINES

These smart-casual favourites are pre-washed for a timeless chino look. Crafted from a breathable midweight stretch cotton fabric, they ensure all-day comfort. For best results, wash similar colours together, inside out, and follow care instructions. Expect natural fading over time.

JERSEY STRETCH GUIDELINES

Jersey fabric is a very stretchy, knitted fabric used to create jackets, trousers, dresses, and skirts which offer wearers exceptional levels of comfort and movement. Given its knitted construction, jersey fabric is less structured than typical woven fabrics and may not be suitable for all end user applications.

HOW TO WASH & CARE FOR YOUR GARMENTS

If you look after your clothes, they'll look after you.

We pride ourselves on using only the best fabrics for our corporate clothing, with all garments being built to perform at the highest level, week in, week out.

Always follow instructions on the garment label.

Below are some of the things we suggest you do to take care of your clothes and help maximise garment performance - ensuring you look great, every wear.

- Wash at 30°C
- Use a non-biological washing powder
- Do not use fabric softener
- Wash garments with a cotton content, e.g. Chinos and Jeans, inside out where practical
- Wash with similar garments, avoid overloading your machine
- Wash light colours separately
- Do not tumble dry
- Hang up immediately after washing
- Rotate your garments throughout the week, using all your allocated garments
- Iron on cool over a damp cloth
- Do not wash suiting garments daily
- Check to see if garment is suitable for dry cleaning

SHIRTS/BLOUSES

- Iron synthetic shirts/blouses on a cool iron
- Do not iron collar and cuffs on a hot setting
- Do not bleach
